2017 Red Rocks & Apache Drums - Camp Verde, AZ

The "Red Rocks & Apache Drums" rally, hosted by Raylene & Rich Beeber, Nancy & Jim Lane and Leah & Joe Dingman is now in the history book. It was a huge success with 36 coaches in attendance at the Distant Drums RV Resort in Camp Verde, Arizona. This included some New Members & First Timers including Joe & Vivian Lewis, Bob & Susan Martin, Ted & Marsha Lewis and Pat & Kathy Coleman. Camp Verde was just down the road a bit from Sedona and March/ April is one of the prettiest times of the year. The desert was in full bloom and the weather did not let us down. It was beautiful!

Tuesday was golf day and we had four foursomes playing for the distinguished 1st place position. The 1st place team of Butch Kersey, Homer & Sharon Budd and Jim Viola won that honor. We had 2 closest to the pin & 1 longest drive awards and they all went to Henny Kersey!!!!!! The rest of us let the course beat us down but it was beautiful - we all had a great time. Lest I forget, Jim Lewis passed on the coveted honor of the Grand Romer Chicken to Joe Dingman for undistinguished activities of the day. (see article in this newsletter).

Some of the non golfers played bunco thanks to Ellen Johnson! I was told everyone had a great time as well.

On Wednesday some thirty plus folks went to Sedona for the Pink Jeep Tour of Coyote Canyon. Some of us are still getting our bodies back in order! We bounced around and laughed through the entire tour! It was a Grand time!!! (see article in this newsletter).

(Con't Pg 1)

We did not go hungry. On Monday night we enjoyed an hors d'oeuvres potluck dinner that was great. Rosalie's of Sedona Catering delighted us with yummy breakfasts & dinners Tuesday through Thursday. On Friday morning we devoured six- dozen donuts as we all set out for home! If we didn't go hungry, we certainly did not go thirsty!!!! Thanks to Rob and Larry and the Bar crew for pouring the drinks.

And finally, thanks to all who attended and made this rally the success it was.

Raylene & Rich Beeber, Nancy & Jim Lane & Leah & Joe Dingman

President's Report

What a fantastic rally we had in the Red Rock Country. I want to thank everyone for the unanimous vote to modify Standing Rule no. 1. This was a major accomplishment and will serve the club to operate smoothly for the foreseeable future. We will remain a Monaco Logo club but accommodate long time members that decide to change rigs in the current market situation. I like to think of this change as stating "ONCE A ROMER ALWAYS A ROMER".

The Nominating committee is already working and I believe they will have excellent nominees for the full slate of officers at our next meeting in September. The Batons will be passed to the new officers and this great club will move on. I think Rallies are being scheduled for 2018 and possibly into 2019. This is an exciting club with members ready to step up to the plate and keep us moving down the road.

Knud Bjornestad

Tech Talk

I was asked to sit in for our regular Tech-Talk moderator, Knud, as he has other duties such as being our outstanding President!

As in the past, we had a great turnout for our talk this time. Since our coaches are not just a coach, but a group of subsystems, it seems there is always something on the repair list. Some of the items that came up at this rally were safety related.

As Steve and Donnis Hobbs left Pismo Beach for the rally, their coach, all of a sudden, would barely run. They were able to limp off of Hwy 101 and found that the clamp holding the exhaust output from the turbo was missing and the tubing disconnected. The hot exhaust melted the wiring in the area. The damage could have been much worse, they were only set back a day and made it to the rally on time.

This brought up a discussion on engine compartment fire extinguishers. It was noted that most diesel pusher coach fires start in the engine compartment and it might be good insurance and not that expensive (compared to a new coach).

Another important safety item is our tow equipment. There was discussion about pins being lost and tow cars trying to pass the coach. In fact, on their way home from the rally, Howard and Judy Hays had one arm of their tow bar become separated from the car near Tehachapi. Luckily, there was no damage and they were able to get a new pin to get home. We should make it a habit to check the tow bar every time we stop.

It seems like there is always talk about our Aqua Hot or water heater or tank monitors and there was no exception this time. Aqua Hot, service it annually. Tank monitors almost always don't work so get used to it or convert to See Level Gauges.

Safe Travels

Golf Report

The golf tournament at the Red Rocks & Apache Drums Rally was held on Tuesday, March 28th at the Sedona Golf Resort, which was surrounded by the red rocks of Sedona. Romers turned out for a very enjoyable, but tough day of golf.

We had four teams in competition with three individual competitions. Even though the course was long and very challenging, the scramble format allowed everyone to have a fun day, while still contributing to the team event. Our four teams looked like this:

Team 1

Joe Dingman
Howard Hayes
Judy Hayes
Tom Townsend

Team 2

Butch Kersey
Homer Budd
Sharon Budd
Jim Viola

Team 3

Henny Kersey
Paul Klempner
Jim Lewis

Team 4

Jim Lane
Bob Martin
Tom Getzfrid
Rich Beeber

The 1st place team was team # 2 led by Butch Kersey. Teams 1 & 3 tied for 2nd place and team #4 was at the bottom of the pack. That said, we followed team # 3 who reportedly was holding up the entire golf course!!!! We blamed our defeat on stiffness due to waiting! A good excuse as any!!!!

We had 2 closest to the pin & 1 longest drive awards and they all went to Henny Kersey!!!!!!

Speaking of the longest drive. It was designated as hole number 5. Joe Dingman was kind enough to place the placards for each of the 3 prize holes. Being in the last group we picked up the four placards. As we drove down the fairway on hole #5 we were astonished as there was no longest drive placard to be seen. Well, eventually we found it on hole #12!!!! It appears that Joe had a little problem here. It earned him the Grand Romer Chicken award that evening.

A great time was had by all. Everyone is looking forward to the next competition. We hope you can join us. The primary objective is for the participants to have fun, regardless of skill level.

FMCA National Director / Alternate National Director Report from the 95th International Conference in Chandler, AZ

FMCA's National President Charlie Adcock addressed the 2,376 member families of the association who gathered at the 95th Conference on the "Future of FMCA" International Convention & Expo in Chandler, Arizona to inform the members about some big decisions that the FMCA leaders are dealing with. The future of FMCA depends on growth of our membership and since 2004, when our membership included 130,000 families, we have dropped to about 70,500 families today. Revenue from the current membership is \$ 62.26 per family membership, whereas our expenses are \$78.27. The deficit is made up by withdrawing funds from FMCA's investment portfolio. This cannot continue very long before FMCA will be Bankrupt.

FMCA leadership has concluded that the declining membership can be reversed by opening our membership requirement to include other types of recreational vehicles (RV's), like trailers and fifth-wheels. Surveys have shown that the average age of FMCA members has increased to 71, while RV industry statistics have shown that the average age of RV owners is 48. We need these younger people to consider joining FMCA to enjoy the benefits that our members value. FMCA leaders studied the option of forming a subsidiary organization that would welcome members of other types of RV's to join in the fun of FMCA, however, it was concluded that a better plan would be to simply open FMCA membership to all RV owners. This is the proposal that will come before the Board of Directors in Indianapolis in July this year at the 96th International Convention. If this proposal is approved by the board in July, it will be submitted to the members for a vote in the September, October and November editions of FMCA's Family Motor Coaching magazine. Votes will be counted after November 30th and the results will be communicated to the membership. Charlie Adcock told the members that "RV'ing is less about the equipment used and more about the people who enjoy the lifestyle".

Charlie concluded the presentation with some questions and answers.

Here are a few:

1. Will Chapters have to allow trailers and fifth-wheels into their membership? Answer: No. Chapters write their own by-laws and that will not change. For example, in order to be a member of the Monaco Romers you must own a Monaco Diesel motorhome.
2. Are we going to change the name "Family Motor Coach Association"? Answer: NO, however we will just be using the letters "FMCA" to identify the association. Nobody will have to change their oval placards or business cards.
3. Will towables and motorhomes park together at rally? Answer: Yes.

Respectfully submitted,

Jim Lewis & Larry Johnson

Pink Jeep Tour

What a fun, bumpy, backcountry tour we took on Wednesday during the Rally. There were around 30+ that decided they just couldn't resist the adventure.

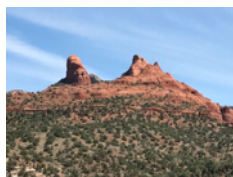

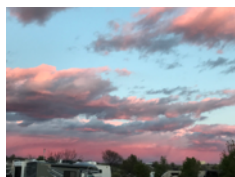

The group utilized 5 different jeeps to accomodate and off to Coyote Canyon we went, highway for a bit until we got to the canyon. Then it was a bumpy, rock & roll style 4-wheeling off-road. Stopped at a fabulous view point of the beautiful Sedona Red Rock for group pictures then headed back to base camp taking almost 2 hours to complete. We all kinda crawled out of the jeeps with various aches and pains – oh my, are we getting up there a bit? Not going to admit that! The ride is suggested to all that can handle rock & roll. We explored Sedona with many enjoying a few of the restaurants in town and, of course, a bit of window shopping. Thanks to Rich & Raylene for scheduling an adventure not to be soon forgotten!
